Chapter 1 by Jesus Rodriguez

I am an average boy. I have average size and weight. I have average hair. Nothing is weird about me. My life was normal and boring. Until that day.

It was a Saturday. I was playing on a private server with my friends. We were making a mansion. It was very late. Everyone left but me. I was just making the finishing touch. I'm done! I went to log off when everything just turned black. I wake up in a weird blocky world. I must be dreaming i think.

Since I'm dreaming I should have fun! I mine wood craft a sword, pickaxe, and axe. Wait. This is just like minecraft i realize. Am I actually dreaming? I jump off a cliff. I'm hurt! I'm not dreaming!

I search for a village and find one. But its all burnt and destroyed. What happened!? I search for survivors but I cant find one anywhere! Eventually I find a villager but hes burning. What happened I ask. He replies"Watch out for him!" then passes away. Who will be evil enough to do this cruel thing?

Chapter 3 by Grace Frazier ✏️

Thats when i realized something, if my logic was correct HE was the one that did that madness, he was the one feared by most. I was not sure what I was going to do until i thought of something that would work the best, running.

that didnt work for long because he knew where i was going, back to my house. By the time i got there he was already there, or was there because he left a sign, a haunting sign that gave me a very spooked feeling.
